AMSA Requirements

To complete any near coastal maritime qualification, you will require assessed seetime, a final assessment AMPA (AMSA Mandated Practical Assessment), eye sight testing and forms to be submitted.

Seetime: You will need to go to the AMSA web site to find out further information.

<https://www.amsa.gov.au/qualifications-training/sea-service-and-task-books/qualifying-near-coastal-sea-service>

AMPA: This will be done during the course and if you did not complete one after the course you completed we can also complete these with you as well.

Eye sight test: This will need to be done on a form you will find on the AMSA web site. (Form 542)

Certificate application: Again this form is found on the AMSA web site (Form 426)

Task Books: These will reduce the amount of seetime you need to gain your qualifications, but these books can only be filled in by someone of the same or higher qualifications, and on a commercial vessel. (The books are in stock at KGB Marine).
